

Study in Austria – Admission and Fees

Admission

Admission to Austrian higher education is organised by the educational institutions themselves. To be admitted to a higher education program, you first need to contact the institution that offers the program. They can inform you of exactly which admission requirements apply to the program of your choice.

Tuition Fees

For State Universities all students from third countries (who are in possession of a residence permit for students) are required to pay € 726.72 per semester. An exemption from paying tuition fees is possible in special cases (e.g. for participants in exchange programmes and university partnerships, students from the least developed countries).

The Universities of Applied Sciences and the Private Universities are entitled to charge higher tuition fees. For more details, please contact the institution of your choice directly.

University Preparation Programmes

The University Preparation Programmes offer intensive courses for foreign university applicants in order to prepare them for supplementary examinations prescribed by the universities.

The institutions offer courses in the following:

German as a foreign language

English, mathematics, physics, chemistry, biology, history, geography
