

Student Housing in Austria

The OeAD Housing Office provides OeAD scholarship holders, Erasmus students and guest professors with student accommodation as well as apartments in every university city in Austria.

Accommodation

Austria does not have a tradition of on-campus accommodation. Students in Austria either live in a hall of residence or in private accommodation. In contrast to many other countries, Austrian universities or UAS (Fachhochschulen) do not automatically allocate a room when you register for your course. Rather, you have to search for accommodation yourself.

Finding a flat

There are many options for arranging accommodation that suits you best, but make sure you start looking for a room as soon as possible. It is also important to check at your university as to whether they can arrange a room.

OeAD-Housing Office

The OeAD-Housing Office offers accommodation for about 12,000 students annually in OeAD-Guesthouses and other student accommodations in Vienna, Graz, Salzburg, Innsbruck, Linz, Klagenfurt and Leoben. 2/3 of the students are based in Vienna with more than 2.500 staying in passive houses. It is our objective for them to feel comfortable while experiencing an adequate price-performance ratio.

As an indispensable partner for the universities, universities of applied sciences and university colleges of teacher education in the field of international students mobility, the OeAD-Housing Office provides fully furnished accommodation during the academic year as well as during the summer months (July – September).

Further information and application details are available on the website:
