

Austrian National Grants - Examples

The OeAD-agency manages various scholarship programmes and provides financial support both for individuals and for scientific projects. Our programmes range from broader geographical – and theme-oriented scholarships to more specific programmes for individual fields of study, also including programmes with a regional focus.

Please note that the OeAD does not offer any scholarships for obtaining a whole bachelor's degree, master's degree or completion of a PhD programme in Austria. Neither do we have any grants for German language courses in Austria.

Below you can find an overview of scholarship programmes, which are designed for worldwide application and managed by the OeAD, according to the level of studies.
