UNDERGRADUATE SCHOLARSHIP OPPORTUNITIES IN GERMANY

Whether you are considering study, an internship or research abroad, Germany is right for you. And we have the funding to get you there!

Why Germany?

- Feel welcome and at home: Germany is the sixth most popular destination for international students
- Cutting-edge and dynamic research opportunities
- World-renowned educational programs
- Geographically diverse, with incredible beaches in the north and stunning mountains in the south
- Centrally located in Europe: as little as \$30 away from such cities as Paris, London, Rome, Prague and Warsaw
- World's fourth largest economy, and the largest in the EU

What is DAAD?

The German Academic Exchange Service (DAAD) is the German national agency for the support of international academic cooperation. We offer programs and funding for students, faculty, researchers and others in higher education, providing financial support to over 120,000 individuals per year. We also represent the German higher education system abroad, promote Germany as an academic and research destination, and help build ties between institutions around the world.

Undergraduate Scholarship

Highly qualified undergraduate students are invited to apply for scholarships funding study, thesis research and/or internships in Germany that are either independently designed or part of organized programs. All applicants must be able to receive academic credit at their home institutions for their activity in Germany.

- For more information and current deadlines:
www.daad.org/undergrad

Study Scholarship

Study Scholarships are awarded to highly qualified graduating seniors (fourth-year students in Canada) and graduate students of all disciplines to pursue an advanced degree in part or entirely at a German university.

- For more information and current deadlines:

RISE Germany - Research Internships in Science and Engineering

RISE Germany gives undergraduate students in the fields of biology, chemistry, earth sciences, engineering and physics (or a closely related field) the chance to spend a summer working with doctoral students in Germany on serious research projects.

- For more information and current deadlines:
www.daad.org/rise

RISE Professional

Undergraduate RISE Germany alumni in the fields of biology, chemistry, physics, earth sciences and engineering (or a closely related field) are invited to apply for an internship working in a German company for the summer.

- For more information and current deadlines:
www.daad.org/rise-pro

University Summer Course Grant

This program is meant to help undergraduates build their language skills while studying anything from film to politics to engineering. It provides scholarships to attend a broad range of three- to four-week summer courses taught in German at German universities which focus mainly on literary, cultural, political and economic aspects of modern and contemporary Germany. Extensive extracurricular programs complement and reinforce the core material.
